REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The cited prior art fails to disclose or reasonably suggest a silica glass member ^(claim 5-8) having a distribution of signed birefringence value which monotonously increases from a center to a peripheral portion of a plane of the glass member wherein the average signed birefringence values is 0.2nm/cm or less for a radial width of 10mm. EP 1 114802A1 discloses the claimed glass member but does not predate the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
